

DRUGS?

How is **ECSTASY** used in Portugal?

European Web Survey on Drugs

European Web Survey on Drugs - Portugal 2021

Online self-completion survey, an initiative of the European Monitoring Centre on Drugs and Drug Addiction, aimed at drug users aged 18 or over, applied between March and May 2021, in around 30 European countries, including Portugal, through SICAD - General-Directorate for Intervention on Addictive Behaviours and Dependencies.

Its objective is to deepen the knowledge about the patterns of use of illicit drugs, aiming at the better adequacy of public policies.

750 ecstasy/MDMA users participated in this survey in Portugal.
